Re: *Application by SBC Communications Inc., et al. for Provision of In-Region, InterLATA Services in Michigan*, WC Docket No. 03-16

Dear Ms. Dortch:

On behalf of SBC Communications Inc., I am enclosing a CD containing Michigan Bell's most recently reported performance results, as well as a few additional documents submitted at the request of Commission staff. Specifically, the CD contains the following documents:

1. A folder entitled "Performance-Measurement-Tracking-Report," containing five separate Excel files that together report Michigan Bell's CLEC-aggregate performance results for the past 12 months, concluding with December 2002;
2. An Excel file entitled "HOMR_(September-December_2002).xls," which is the Hit or Miss Report containing Michigan Bell's CLEC-aggregate performance data for the past four months, concluding with December 2002;
3. An Adobe Acrobat file entitled "MI_PM_Reference_to_Checklist.pdf," which consists of a table of performance measures and submeasures **grouped** by checklist item; and
4. An Adobe Acrobat file entitled "Ehr_Affidavit-Revised_Attachment E.pdf," which reflects minor corrections to Attachment E to the Affidavit of James D. Ehr.

Ex Parte Presentation

In addition, after reviewing the Affidavit of Mark J. Cottrell, we identified an error in paragraph 113 regarding the number of CLECs that submitted transactions via the EDI and CORBA pre-ordering gateways in December 2002. Paragraph 113 should be modified to read as follows:

113. In December 2002, more than ~~160~~ 45 CLECs submitted transactions via the EDI and CORBA pre-ordering gateways. In the same month, EDI and CORBA processed more than 1.7 million transactions. This is about seven times the total number of pre-order transactions processed by Bell Atlantic's systems in any given month at the time of the FCC 271 approval for New York. See New York Order, ¶ 150. Since January 2002, EDI and CORBA have processed over 18 million commercial pre-order transactions for CLECs in the SBC Midwest region. Attachment A provides data by month for CLEC use of EDI and CORBA over the last 12 months.

In accordance with this Commission's rules governing ex parte communications, we are filing an original and two copies of this letter and enclosure. Thank you for your kind assistance in this matter.

Sincerely,

Geoffrey M. Klineberg
